

The Passage - Thomas Hauenstein

Some might call it resistance
And some might call me a fool
Can't see any details in the distance
Finding a passage back to me
Maybe we could find a passage back to you

Uhhuhhhh - Huuhhhuhhhh ...

Waiting to leave home - again
Give in while staying strong - again
cause everything changes anyway
Let's change for the better I would say
let's change for the better I would say

Uhhuhhhh - Huuhhhuhhhh ...

Cause if everything changes anyway
let's change for the better I would say
let's change for the better I would say
Cause if everything changes..
Cause if everything changes anyway
Let's change for the better I would say
let's change for the better, the better I would say
let's change for the better, the better I would say
I would change for the better - any day.
